

Optimocosy HR FOR NEW BUILDS

Dual flow heat recovery ventilation system with remote control

- ① Roof terminal air outlet
- ② Air extraction from bathroom, toilets, kitchen & laundry
- ③ Outdoor air inlet
- ④ Air circulated in living room and bedrooms

Product Features

- Up to 90% heat recovery
- CO₂ Sensor
- Intuitive remote control
- Programming linked to the user's life rhythm & automatic modulation depending on occupation

COMFORT

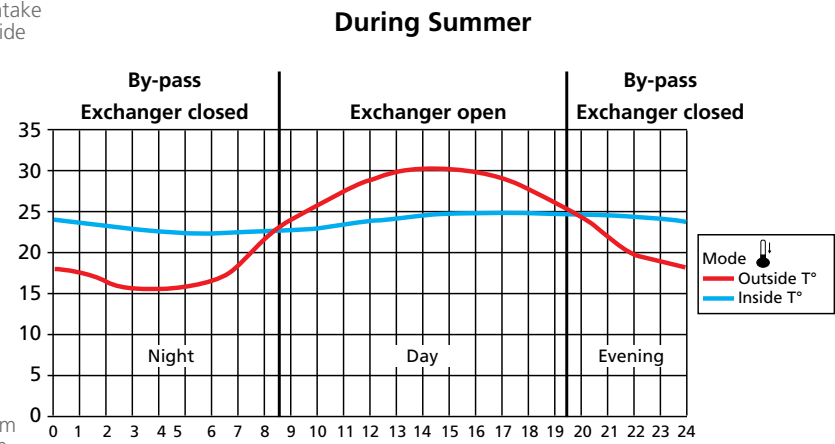

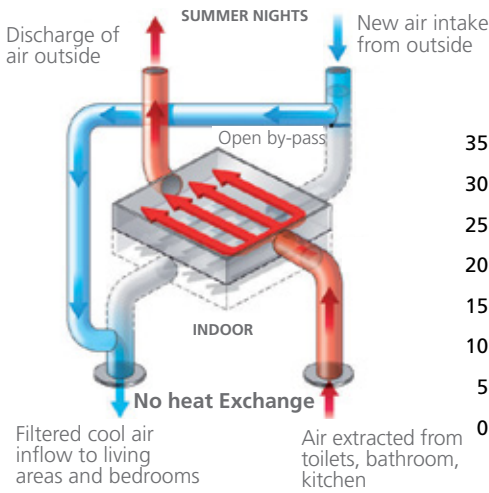

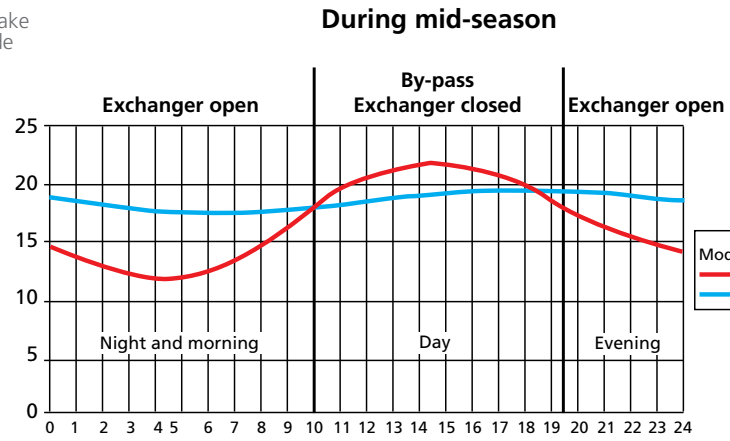

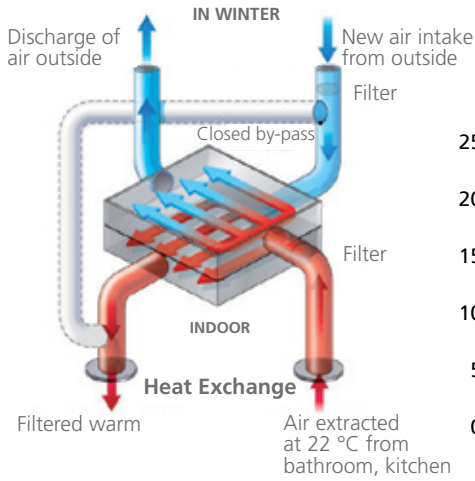

- Up to 30% saving on heating
- Up to 90% recovery of the air energy
- Maximum return on heat recovery: high performance heat exchanger
- CO₂ Sensor: Ventilation flow rates adapt to the users' lifestyle
- Reduced heating and cooling costs

ACOUSTIC AND THERMAL COMFORT

- Ideal solution to allergy problems
- High efficiency filters (pollen, dust and pollutants)
- Ecological filter
- Quiet operation with reinforced insulation
- Remote control of all functions

EASY MAINTENANCE

- Atlantic's heat recovery ventilation systems extract stale, humid air from toilets, bathrooms and kitchens and replace it with dry-filtered fresh air ducted into living areas
- Magnetic front cover for quick access
- Easy access to filters
- Sliding filters
