

Vertigo 80 Litre

Vertical or Horizontal Wall Mount

Vertigo is a stylish, space & energy saving hot water system.

Made in Europe, this wall-mounted unit incorporates:

- Twin, dry heating elements ideal in hard water regions.
- The latest 'predictive software' to reduce energy consumption.
- Dual chamber design allows for rapid reheating.

COMFORT

- Space-saving solution suitable for small apartments
- **Premium flat design (less than 30cm depth)**
- **Installation:** The Vertigo can be installed in either the vertical or horizontal position and is ideal in bathrooms, laundries and en-suites.
- **Boost function**:** 1 shower in less than 30 minutes

SAVINGS

- **Smart control:** Smart system for energy savings, learning consumer habits
- Accurate electronic thermostat and finest temperature control to guarantee safe operating
- High-efficiency water inlet
- CFC-free high-density insulation for increased energy savings

QUALITY - DURABILITY

- **Extra lifetime of the heating element** thanks to Double tank Steatite technology: double ceramic dry heating element, adapted to highly mineralized, hard or desalinated water
- Magnesium anode for increased protection of the tank
- New generation Diamond-quality enamel
- Pressure relief valve
- Dielectric union
- Specific lip gasket to avoid rust around flange
- IP 24 - Full compliance with New Zealand and Australian Standards for electrical safety and user protection

USER-FRIENDLINESS

- Intuitive user-friendly interface with quick modes selection knob
- Easy installation with wall mounting plates and drilling template

POWER REQUIREMENTS

- Requires a dedicated, single phase 10AMP circuit

7 year tank warranty

5 year tank labour

3 year element warranty

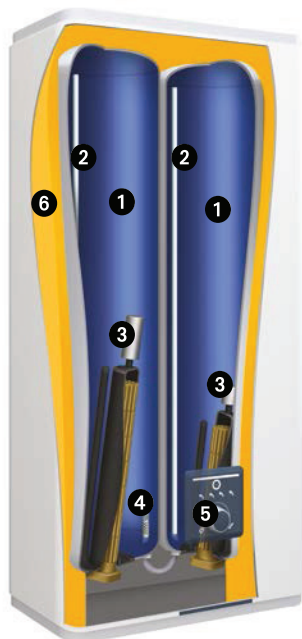

Smart control function
Energy savings

Dry heating element

MAGNESIUM ANODE

Tank protection

- 1 Power light indicator
- 2 Boost mode*: quick heating in order to recover 1 shower in less than 30 min
- 3 Smart shower display showing quantity of hot water remaining (fixed) or being produced (blinking)
- 4 Manual mode: manual selection of hot water quantity
- 5 Frost-free mode (7°C)
- 6 Manual selection (from 50°C to 70°C max)
- 7 Smart mode: automatic operation according to consumer's habits thanks to a self learning program
- 8 Quick mode selection control knob

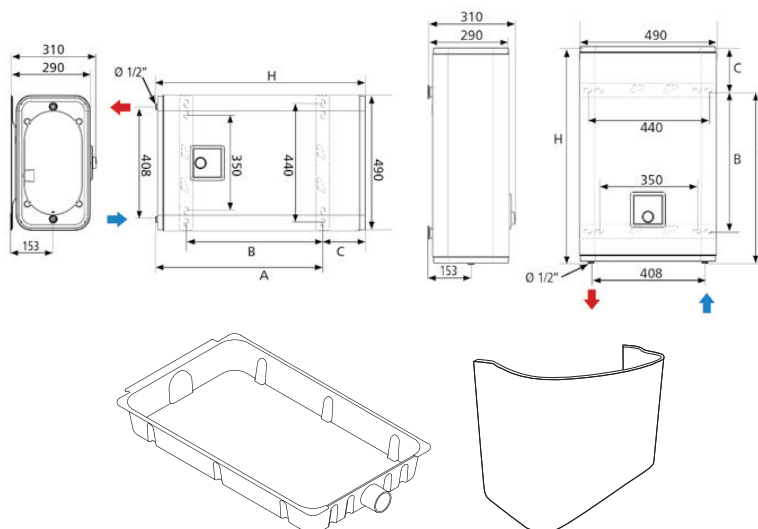

- 1 Diamond-quality enamel
- 2 Optimised stainless steel outlet pipe
- 3 Steatite dry heating element with magnesium anode
- 4 Inlet diffuser
- 5 Digital interface
- 6 High-density polyurethane foam 0 % CFC

Ceramic dry heating element + enamelled steel sleeve. Steatite technology: state-of-the-art ultimate technology for the best long-lasting service

INSTALLATION DIMENSIONS (in mm)

Safe Tray
310 mm W x 510 mm L x 60 mm D
Part number: 746160
Colour: White
Trays can be interconnected

Plumbing Cover
290mm W x 490mm L x 320 mm D
Part number: 341068
Colour: White

VERTIGO STEATITE Multiposition installation
